Andex Oilers take provincial bantam A championship

By Frank Ryan

The Drayton Valley Andex Oilers won the provincial boys bantam "A" baseball championship last Sunday.

The Oilers went through the round robin with a perfect 3-0 win-loss record and then defeated Sherwood Park A's 8-5 in a rain delayed final.

Tomorrow (Thursday) the Oilers leave for North Delta, B.C. for the Western Canada championships which open Friday featuring the top clubs from the four western provinces and a host club.

Following their very emotional win over Sherwood Park at West Valley Park Sunday, Cliff Cyre, the Alberta Baseball Association zone director and tournament coordinator presented Oilers' captain Quinn Powers with the provincial trophy. Gold medals were also presented to the players and the Oilers coaching staff with silver medals going to the A's.

Pitcher Brent Ruff and Murray Duval, an addition from Fort Saskatchewan, provided the heroics for the Oilers in their win over Sherwood Park.

Duval hit a lead off home run in the fifth inning to give the host Drayton Valley squad a 6-5 lead and added a 'key' two run single in the sixth in providing the margin of victory.

Ruff, who replaced Duval on the mound in the fifth, came in from right field with the score tied at 5-5 and the bases loaded with none out. Catcher Brian Tipper made two big plays with a tag out at home and a foul catch inches from the screen. The third out came on a long fly ball to center fielder Greg Pankewicz near the fence.

It was three up and three down for the A's in the sixth but they had the crowd of 400 on the edge of their seats in the top of the seventh.

Ruff got the first batter to strike out, but the ball dropped in the dirt, and Tipper had to be alert to make the throw to first for the out. Two walks and a hit loaded the bases. But Ruff ended it all with back-to-back strikeouts.

The first inning of the final, with the Oilers taking a 3-2 lead, was played in the rain. The game was stopped and a one-hour delay followed before play resumed.

Oilers manager Al Fedorus was almost speechless after the game.

"This is the happiest moment of my life," Fedorus said.

"There was a lot of anxious moments, but our pitching and hitting came through for us," he added.

The Oilers opened the two-day provincials at home on Saturday with a 8-5 win over Sherwood Park. Duval hurled a four hitter and hit a home run in that contest. He got lots of help with a six-run outburst in the first inning. Mark Waldron also hit a homer and Brad Allen had a double and two singles.

The Oilers' second win on Saturday was a come-from-behind 18-8 five inning win over the Taber Colts. Taber hushed the home town crowd as they jumped into a third inning 6-0 lead. But the Oilers came on in the fourth inning with 14 runs and added four more in the fifth to win the game when it was called on the 10-run rule.

Ruff, the winning pitcher, ended the game in the fifth with a solo homer. Duval also hit a home run as part of the Oilers 13-hit attack.

Drayton Valley made it three straight with a 29-3 win over the Olds Chiefs Sunday morning. The umpires called the game after four innings because of the lopsided score.

The game was all but over in the first inning

when the Oilers scored 14 times. Center fielder Greg Pankewicz knocked in five runs in the first with two home runs. Darren Fedorus, Justin Pyzar and Robbie Close also hit home runs in the first inning. Allen had three doubles and Harland Senko tossed a one-hitter in the abbreviated game.

A grand slam by David Midbo earned Sherwood Park a berth in the final. Midbo's blast in the bottom of the seventh gave the A's a 9-0 win over Taber. The two teams entered the game with identical 1-1 win-loss records with the winner facing the Oilers.

Taber's only win was a 19-8 decision over Olds, who also lost 10-9 to Sherwood Park.

The Andex Oilers play B.C. Friday at noon in their opening game at the Western Canada finals. They will meet Saskatchewan at 6 p.m. On Saturday they play host North Delta at 9 a.m. and face Manitoba at 3 p.m. The top two clubs meet in the finals Sunday with games at 12 noon and 4 p.m. if necessary.

Off the field, the Oilers have picked up pitcher Mark Randall from Sherwood Park for the trip to North Delta.

Tigers go undefeated to take title

The Drayton Valley Tigers Twilite (35 and over) men's baseball team won the provincial title on the long weekend at Medicine Hat.

This weekend the team will play in the Western Canada finals at Kindersley, Saskatchewan.

The Tigers went undefeated at the provincials defeating Tofteld 7-6, blanking Brooks 8-0, whipped Altario 13-7, doubled the Calgary Odeons 4-2 in the semi-finals and scored a come-from-behind 7-6 win over Edmonton Porta Test in the championship game.

The road to the provincial title was a battle as Drayton Valley fell behind 6-2 but fought back to win the gold medal with the eventual 7-6 decision over Edmonton.

Garry Krye and Ken Olson shared the Tigers' pitching chores in the semi-final and final games.

The Tigers provincial title was Drayton Valley's second on the ball field during the weekend. On Sunday the bantam Andex Oilers went undefeated to earn a berth in the Western Canada finals this weekend at North Delta, B.C.

Well deserved rest

Shannon Bredin collects 18 medals

By Frank Ryan

Shannon Bredin is taking a well deserved rest.

The 11-year-old Drayton Valley highland dancer has just returned home from a hectic month of competition that included her second straight trip to the Canadian finals.

Her tireless dedication to the sport earned the Alberta competitor a fourth overall in the 12-and-under girls category. She was third overall a year ago while competing in the 10-and-under class.

Just to qualify for the nationals was a major achievement, as Bredin had to finish first or second in the province.

While her goal was to place first in Alberta and repeat that effort at the nationals, she was pleased with her overall effort.

Bredin missed a first place finish in the province by a mere five points.

And, while she found the competition at the

Shannon with mid-Canada trophy.

nationals very tough, there's a special feeling attached to being the top Albertan in her age category.

At the nationals held in Nova Scotia Bredin, who has been highland dancing since she was seven, won a gold, silver and bronze. She also placed second in a special sword event.

At the inter-provincial championships held following the nationals, Bredin was third overall, winning one gold and two bronze medals.

Bredin, who can usually be found practising six or seven days a week, often for two-hour periods, tuned up for the nationals by placing third at the Maritime championships.

Add to that two first-place finishes and eight gold medals at the mid-Canada championships and the Winnipeg open.

During the month of July, the Drayton Valley miss entered 21 dances and won 18 out of a possible 21 medals and six trophies. Of the 18 medals, 10 were gold.

The six major shows Bredin attended in July are part of a hectic schedule she follows. In all, she attended 18 shows this past season stretching from B.C. to the Canadian championships in Nova Scotia.

Besides a desire to place first in Alberta and at the nationals in Edmonton next year, Shannon Bredin would like to attend some shows in California.

Her long-time goal, after competing, is to become a judge in the sport. It's an area that would welcome a former competitor, as there are only 150 judges in North America.

Unlike many of her school mates, Bredin won't be able to enjoy what's left of the summer vacation.

Next week she will participate in the Canadian Forces Naval Tattoo in the Edmonton Coliseum. Bredin is part of an Edmonton contingent of highland dancers that will perform Aug. 16-17.

Then, it will be back home for the balance of the summer, only to get ready for lessons which start in September and three shows before Christmas.

Consortium

New RNA program draws lots of interest

The Pembina Educational Consortium is getting ready for its fall programs.

One of the new programs being offered in Drayton Valley is the Registered Nurses Assistant which has drawn a lot of interest.

Joe MacLellan, executive director of the Consortium, said they "have a backlog of probably three years of prospective students."

This is the first year the RNA program has been offered in town. Previously, only the Alberta Vocational Centres in Calgary or Edmonton had the program available.

For the program, "we will be using some space at the hospital which is just being prepared,"

MacLellan commented.

A program which MacLellan shows a lot of enthusiasm for is academic upgrading through which people can complete a high school education.

There are two main benefits for people taking the program; the first being the doors which are opened for people who may only need that completed high school to get a promotion or new position, said MacLellan.

The other benefit is the sense of self worth for people who have finally proven to themselves they can achieve a goal.

At the consortium, there are also programs in Early Childhood Development, business ad-

ministration, oilfield training, and many other courses conducted throughout the fall and winter.

"There's so many people around who can benefit from this," MacLellan exclaimed.

Most of the courses, with the exception of the RNA program, are still open, said MacLellan. They will be starting "early to mid-September, depending on the course."

The September calendar of events, which is now a monthly full page feature in The Western Review, will be published Aug. 28.

Results have Ostertag smiling

The volunteer coordinator for the West Central Health Unit in Drayton Valley likes the response she has been getting.

Crystal Ostertag, coordinator of voluntary services, said she was surprised how well the town has responded to the need for volunteers. Most of the people involved are doing friendly visits with senior citizens in the area.

"We've done really,

really well," she commented.

Since starting work in Drayton Valley, Ostertag has set up volunteers with about 20 people.

"We've been meeting a lot of people's needs," the coordinator said.

As always, though,

more volunteers could be used.

"I've run into a lot of obstacles getting people to help with Meals On Wheels.

There are 20 more people who do not yet have the friendly visits and people could be volunteering for that, as well.

Of the people who have received volunteers, and the volunteers themselves "they all seem really happy," Ostertag explained.

She can be reached by calling 542-4415 in Drayton Valley.

Checks first step in stopping drunks

The Supreme Court of Canada's recent stand on impaired driving spot checks is welcome news.

And, word that the RCMP in Drayton Valley plan to take advantage of their new authority, is also welcome.

There's simply too much drinking today.

A recent survey by students at the Pembina Educational Consortium showed that 83 per cent of those involved listed impaired driving as a major concern. That statistic alone is worth having the RCMP address the problem locally.

However, the spot checks are just the first step.

The courts have to do their part. A slap on the wrist is not the answer.

In order to back up the authorities, the courts have to impose a tough stand with impaired drivers.

Hit them where it hurts....with a hefty fine and suspend their license for six months to start with. Names could be published in papers.

The authorities now have the support they were looking for. But, if the fines and suspensions don't follow, everything could be for naught.

Hopefully, that won't happen.

The problem...

The solution!

Drillers' Dancey deserves thanks for ball tournament

If you've ever organized an event, ranging in size from the 1,100 people who attended the recent FMHS reunion to a weekend ball tournament, you know the time and frustrations that go along with such a task.

Larry Dancey, manager of the D & S Drillers had more than his share of frustrations during the recent Lee Darragh memorial baseball tournament.

Originally he had eight teams in the two-day tournament at West Valley Park. Then Thorsby pulled out but Olds said they would come. Forty-eight hours before the tournament started, Olds cancelled. Alexis was a late addition, but they didn't even show for their scheduled game on opening day.

Then, there was the weather.

An early morning downpour on the second day turned the diamond into a sea of mud.

Dancey walked back and forth through the mud and rain, wrestling with a decision to cancel or not. Knowing the teams wanted to continue, the decision was made to proceed. The Drillers, as hosts, hauled loads of

Editor's Notes

sand onto the playing field and after a three-hour break, the tourney continued.

Add to all this Dancey's own secret.

His doctor wanted to hospitalize him the day before the tournament because of a serious and very painful back problem. Dancey wouldn't hear of it until the weekend ended.

When it was all over, Larry Dancey had to pack up the equipment and empty the concession stand. He also found time to thank everyone who made the annual tournament a success.

If anyone should be thanked, it's Larry Dancey for his unselfish contribution.

Beer cans are BIG BUSINESS in

Drayton Valley. The Beehive, which is the bottle depot in Drayton Valley, reports they handled 100,000 beer cans the first week after the recent beer strike.

One aspect of community life that is often overlooked is the trucking industry.

Hundreds of trucks pass through Drayton Valley every week. This is a major industry in itself.

Keep your eye on the old outdoor swimming pool in Drayton Valley.

The new playground equipment is scheduled to be installed about Aug. 15.

Anything will be an improvement over the "eyesore" left behind when the town closed down the sports facility.

If you're having problems with DOGS phone 542-5327. This is the town's number, who will in turn contact the animal control staff.

Unfortunately, if you're having problems with cats there's no local agency you can call. Sorry.

New reservoir

Improved water supply may lower insurance rates

Insurance rates for businesses and homes could go down in Drayton Valley due to the improved water supply.

Manjeet Saran, the town engineer, said the Insurers Advisory Organization, which calculates some of the risks to insurance agencies in a town or area, will probably re-evaluate the town since there is more water available to fight fires.

The first two of three phases in the upgrading for the town water supply are in place. The first, building a new 800,000-gallon reservoir, and the second, a line connecting the new and old reservoirs, are in place giving the town a total of 1 million gallons of water.

In addition to the reservoirs, there are now four pumps, computer controlled, which can put

out 2,000 gallons per minute. As well, there is a "fire engine" pump which is powered by natural gas and can put out 1,800 gallons per minute.

This has cost \$2.45 million so far, of which 50 per cent was paid for by government grants. The town paid the remainder.

During the summer, Drayton Valley uses 500,000 gallons of water a day which keeps the pumps going 20 hours a day right now.

The system can now supply water to a population of 7,000 and can still be expanded if there is a future need, Saran explained.

With the new system in place the water pressure has risen about five pounds per square inch, and should continue until it reaches 40 to 45 pounds.

Saran explained the increases have been kept to a minimum because many older areas may not take the increase. The town has already made four or five repairs in the older parts of town.

Some of the residents in lower parts of town may have to buy water pressure reducing valves because the pressure builds up higher there, said Saran.

The peak periods of water usage are around meal times, Saran noted.

The next step is to improve the water treatment plant, which is expected to cost \$1.8 million, the town engineer said.

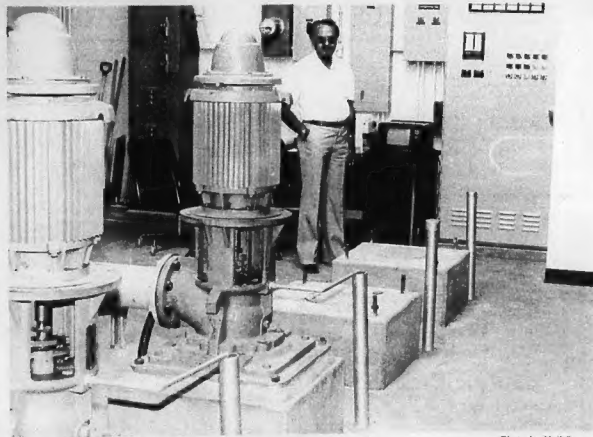

This fall, plans for the facility should start and Saran hopes "full construction will start next summer."

"The first improvement we'll be doing is a new, improved water intake system from the river," commented Saran.

The town will also be applying to create a 30 day reserve of raw water, which is untreated, to have a supply on hand if there is a problem such as an oil spill in the river.

Saran expects the government, however, to only approve for a 20 day raw water reservoir.

An additional advantage to the raw water reserve is reduced treatment needed because the silt and other impurities will have a chance to settle out.

Wellhouse

Company hopes to adapt to oilfield customers needs

By Lorne Christensen

Garth Sweet is hoping he can adapt to his customers' needs.

Sweet just opened up Wellhouse Supply Ltd., at 5524 53 Ave., and says they "hope to offer some flexibility" in their oilfield supply business.

"We'll adapt to their needs rather than the customer having to adapt to my system,"

With this attitude and his 22 years' experience in this area Sweet is hoping his new company will be successful.

"Oilfield supply is our main game," Sweet points out, adding they specialize in hydraulic and industrial hose.

Sweet says business is "picking up" since they opened in June.

"We're getting some positive reaction from the oil companies," he points out.

"We do well service supplies, valves, pipe fittings, hydraulic and industrial hose...general oilfield supplies."

Wellhouse is open 7 a.m. to 5 p.m. during the week and from 8 a.m. to noon on Saturdays. Their location in the old J.C. Machine building gives them 5,000 square-feet of space. One of the reasons he chose this location was to have the "footage" he required.

Sweet adds they have an additional 1,200

square feet to expand into and it "looks very promising."

Impaired drivers

Survey supports Check Stops

By Neil Speers

Impaired drivers are now a "target" for Drayton Valley RCMP.

After the Supreme Court of Canada decision that spot checks are acceptable and a local study indicating concern for the problem, RCMP in town will be upping their activity with such tools as Check Stop, said Cpl. Chris Lee.

The Supreme Court "finally gave us something instead of taking it away," commented Lee.

"We no longer have the 24 hour suspension, a tool we used in the past, (the removal of) which is unfortunate."

The study, carried out by a marketing research class at the Pembina Educational Consortium of which Lee was a student, showed 83 per cent of the people sampled had a great concern over impaired driving.

"We were somewhat surprised at the large per cent of concern over impaired driving," Lee commented.

The class had gone into the study with the expectation of property crimes being highest of concern.

Since coming to Drayton Valley, Lee said "impaired drivers are down. Not significantly, but they are down."

He explained there seems to be a much higher public awareness of the problem. The recent safe grad was one example. Other examples include dances in community halls where high school students come over to drive people home afterwards. And house parties where the hosts serve more food and put less emphasis on alcohol.

The RCMP are fully behind any method of keeping impaired drivers off the road, said Lee.

However, he pointed out there will probably always be some problem as people continue to go to the bar, drink, then get into their cars and drive away.

"For starting up in a brand new business it's coming good," he explains.

Election scene

Liberals eye fall date

For that, there will be increased Check Stops and prosecutions, explained Lee.

From the evidence in the study, "People want impaired drivers picked up," Lee stated.

Election scene

Liberals eye fall date

The Drayton Valley Liberal constituency association is gearing up for a provincial election as early as November.

The Liberals, who haven't run a candidate in the riding for the past eight years, held an organizational meeting last week.

According to Liberal association spokesman Jim Wolff, two rumors are circulating on the political front as to the next provincial election.

"If Don Getty wins the Tory leadership race look for an election in November. If someone else wins, they will take six months to settle into the position and Albertans will be looking at a spring election," Wolff explains.

Some of the local Liberal concerns include the lack of an opposition in the government, lack of diversification, the number of farm, home and business foreclosures and the professional status of our teachers.

"We are going to run a candidate," Wolff promises.

"This is a very difficult time of the year to get organized. But the executive will continue to meet and small meetings will be held throughout the riding in September and October," Wolff says.

Willey West Campground No decision made

No one is claiming responsibility for problems with the access road into Willey West Campground.

Gene Begg, spokesman for the County of Leduc, said "no decision as yet...whether the contractor or we are going to fix it," has been made by the county.

Since the road was finished some months ago, there has been a problem with washouts on the sides of the road.

"The road has been paid for," Begg commented. Though he added there is a one-year guarantee by the contractor, Alisike Construction, on the road.

Shirley Cripps, MLA for Drayton Valley, said the problem seemed fairly minor when she took a trip down the road.

"There will have to be some repairs," she commented, but added "the road itself is pretty good." Bob Evans, president of Alisike Construction, said "it is their road and they can do what they want with it."

He explained his company had turned the road over to the county several months ago and it was in good shape at that time.

Evans was not surprised when told of the problem with the washouts.

The county "should have kept it graded while the frost came out," Evans said.

"The ditch blocks and all that drainage was their responsibility," stated Evans.

Survey shows

Trouble calling RCMP brought out

Amongst the results of a recent study came the revelation some people have had trouble contacting the Drayton Valley RCMP.

The study, carried out by business administration students at the Pembina Educational Consortium, showed almost 16 per cent of people who tried to get hold of the RCMP after office hours had some difficulty.

Cpl. Chris Lee, who was also a member of the class doing the study, explained the local detachment does not operate 24 hours a day because they do not have enough officers. However, they use a divert system for

after hours concerns. "If nobody is in the office, all our calls go to the dispatcher in Edmonton" who then radios or telephones the officer at the Drayton Valley detachment on call to handle

situations, Lee explained. But occasionally the diverter breaks down, or someone forgets to throw a switch, and communication is not established. If that happens, people only have to dial

the operator and ask for Zenith 50000 which will connect them to the Edmonton dispatcher. The problem is not "earthshaking...but it does concern us," stated Lee.

Driller wins gold hat

By Lorne Christensen
Howard Yeske won't be wearing his new hard hat very much.

But he has a reason. It's gold.

Yeske, who works for Tri-City Drilling, was awarded a gold hard hat after his own hard hat saved him from serious injury.

Yeske was helping move the rig last October when he was hit by a block of wood tossed by a fellow worker. The block bounced off his hard hat and hit him on the knee. The hat may have saved his life.

"It was nothing serious but it would have been," Yeske points out.

"The Gold Cap" award was given to the driller recently by representatives from the government, including local MLA Shirley Cripps.

Yeske has been with Tri-City for 12 years and he says this is the first time anything like this has happened. He adds there have been some close calls but "nothing serious" happened.

So now Yeske can

proudly display the hard hat and plaque he received.

"It's something to keep on the wall anyway," he explains.

Fishing guide

Where to catch the big ones

By Frank Ryan

Want to know where some of the best places to fish are?

Here's some spots to try:

BERLAND RIVER: Dollies to 14 pounds, two pound grayling, rainbows to two pounds and rockies to four pounds. Located near Fox Creek.

BRAZEAU DAM: Brown trout beneath the powerhouse and rainbow in the stocked ponds.

BRAZEAU RIVER: Pike to 20 pounds, dollies to 10 pounds, and rockies to three pounds.

BUCK LAKE: Pike, walleye, lake whitefish and perch.

CARSON LAKE: Good for rainbow. Located near Whitecourt.

CLEARWATER RIVER: Dolly varden, brook trout, brown trout, pike, Rocky Mountain whitefish.

CARDINAL RIVER: Dollies to three pounds. Located on forestry trunk road.

CHIP LAKE: Pike to 10 pounds.

COLD CREEK: Browns to six pounds, one pound grayling. Located near Nojack.

ECCLES POND: Rainbows to 10 pounds, one pound perch. Located near Hinton.

ELK RIVER: Dollies to five pounds, one pound perch. Located near Hinton.

EMBARRAS RIVER: Pike to 10 pounds, walleye up to five pounds, dollies to five pounds, rainbows to one pound and graylings to two pounds. Near Whitecourt.

FAIRFAX LAKE: Two pound rainbow and brookies to three pounds. On forestry trunk road.

FICKLE LAKE: Pike to 25 pounds, walleye to five pounds, perch to one pound, and whitefish to six pounds. On forestry trunk road.

GREGG RIVER: Dollies to two pounds, rockies to two pounds, rainbows up to one pound, brookies and grayling up to one pound. On forestry trunk road.

GULL LAKE: Pike, walleye and perch.

KINKY LAKE: Brookies to three pounds and rainbows to one pound. Near Hinton.

LAMBERT CREEK: Pike to 10 pounds, one pound rainbow and grayling to two pounds. Edmonton area.

Frank Maddock High School teacher Steve Hall tries the stocked ponds at the Brazeau.

MARY GREGG CREEK: Rainbows to one pound and dollies to one pound. On forestry trunk road.

MCLEOD RIVER: Pike to 20 pounds, walleye up to eight pounds, dollies to five pounds, rainbows to one pound and brookies to one pound. On forestry trunk road.

MUSKEG RIVER: Dollies to seven pounds, two pound grayling, three pound rockies and rainbows to one pound. Near Fox Creek.

MUSKIE LAKE: Brookies to four pounds. On forestry trunk road.

NORTH SASKATCHEWAN RIVER: Goldeye, pike, walleye, dolly varden, brook trout, rainbow, brown trout and Rocky Mountain whitefish.

OBED LAKE: Rainbows to 10 pounds, dollies to five pounds and grayling to two pounds.

STAR LAKE: Rainbows to four pounds. Rough camping area and boat launch. Fish from the shore. About 40 km west of Edmonton.

SUNDANCE CREEK: Dollies to four pounds, one pound rainbows, one pound grayling and three pound rockies.

LITTLE SUNDANCE CREEK: Rainbows to three pounds, brookies to three pounds and one pound grayling.

WABAMUN LAKE: This is a good lake for pike and whitefish. Best spot is in front of the power station right by the town of Wabamun where the warm water causes pike to get to 30 pounds or more. It's possible to fish from the shore but a boat is more effective.

WINNIFRED LAKE: Excellent for perch and walleye. A great place for a fly-fishing trip.

WILD HAY RIVER: Rainbow trout, Rocky Mountain whitefish, dolly varden, grayling and pike. Located 40 km north of Hinton.

WILD HORSE LAKE: Rainbow trout. About 15 km west of Hinton.

WHITEHORSE CREEK: Dolly varden and Rocky Mountain whitefish. Go 48 km south of Hinton.

WIZARD LAKE: Perch and pike. Near Calmar. Some other spots worth checking out include:

ASHLAND DAM: Rainbow. Fish from shore.

DEVIL'S LAKE: Large pike and perch, whitefish and walleye. Located about eight km east of Onoway.

SARDINE LAKE: Stocked with rainbow. You need a boat.

SHUNDRA CREEK: Brown trout. Near Nordegg on David Thompson Highway.

SYLVAN LAKE: Pike and perch.

If you're still looking for a lake, pick up a copy of the Alberta Fishing Guide; it includes everything you ever wanted to know about the sport. They are available at most sports shops.

One of the most popular fishing spots is the Brazeau Dam.

CHUTE TALK

Lyne Argent's rodeo season has ended. The Drayton Valley cowgirl who competes on the Wild Rose circuit suffered a serious ankle injury at the recent Valleyview rodeo. A steel plate and three pins were part of the surgery following the mishap.

Argent suffered the ankle injury while riding in the ladies' undecorating event. Apparently her saddle slipped and she tumbled to the ground.

She was taken to the hospital in Valleyview and transported by ambulance almost immediately to the University hospital in Edmonton for the necessary surgery.

When Argent isn't riding on the Wild Rose circuit, she is an office receptionist at The Western Review.

We wish her a speedy recovery.

The Rainmaker Rodeo at St. Albert is looking for financial help. Rain has put a damper on the rodeo for the past three years with losses totalling close to \$25,000. They lost a reported \$5,000 this year.

Rainmaker organizers are looking to the City of St. Albert and the Chamber of Commerce for help.

The Tomahawk rodeo will be held this Saturday and Sunday with performances at 1 p.m. daily. Events include bull riding, saddle bronc, bareback, team roping, calf roping, wild cow milking, wild horse race, steer wrestling, ladies barrel racing, sheep riding and a pig scramble.

More than 2,000 people attended the Tomahawk rodeo last year.

Nobles and Sons Ranches will hold their seventh annual championship team roping Aug. 31 to Sept. 2. Nobles' ranch is located one mile west and a half-mile south of Highway 50 (Devon road) on Highway 16X. For more information call Nobles at 452-2203.

The Bentley agricultural fair and rodeo starts tomorrow (Thursday). A parade kicks off the event at 1 p.m. down main street. Rodeo performances will be held Thursday, Friday and Saturday.

Caroline's Big West Country Days will be held Aug. 16-18. A rodeo will be held on Aug. 17 starting at 1 p.m. at the rodeo grounds.

40th Wedding Anniversary

On Saturday, the 27th of July, 1985 the family and friends of Clayton and Margaret Rosenberger marked the occasion of their 40th Wedding Anniversary.

Special guests included: Ken and Florence McFarland, their son Dennis and family, and their son Darcy of Vernon, B.C., Dave and Ruby Yarish and their son David of Brandon, Manitoba; and Rene and Sylvia Coust of Drayton Valley.

Also present for the celebration were the children and families of Clayton and Margaret Rosenberger: Barry and Sylvia Rosenberger of Vancouver, B.C., Jan and Linda Hildebrandt of Treton, Ont., Chester and Marilyn Rosenberg of Rocky Mountain House, and Joellen and Melody Rosenberger of Edmonton, Alta.

Congratulations Clayton and Margaret!

A swing and a miss...

Cory Mackenzie, of Edmonton, was practicing his swing at the new batting cage located in West Valley Park. Mackenzie had some problems hitting every

ball as it came hurling out of the machine at the opposite end of the cage. Now local batters can practice their swings.

Motorcycle course to expand

Motorcycle training courses approved by the Canada Safety Council may be offered in Wabamun and Drayton Valley next year, says the chief instructor.

Carl Enright says he hopes the courses will be available to everyone in the County of Parkland next year.

A series of five training courses in the east end of the county this spring and summer drew students from Barrhead, Edmonton, Stony Plain, Spruce Grove and Devon, Enright said.

The 60 students who completed the courses represented a significant increase from the 32 students in the program last year.

The majority of the students taking the courses were adult, Enright said. Only about 20 per cent of the students were under 18.

The motorcycle training program becomes successful when courses are stabilized and are running well and instructors are drawn from the local area, Enright said.

Skaters need coach

The Drayton Valley Figure Skating Club is looking for professional coaches.

Three members of last year's coaching staff will not be returning for the 1985-86 season.

With the upcoming season just seven weeks away the club will have Karen Kirkwood and Susan McGregor on staff and hope that Barry Fraser of Devon will continue his work with local skaters.

The club has 100 kids in group lessons and another 40 in private lessons.

Their season runs from the end of September until the end of March with practice times daily from 4 p.m. to 6 p.m. and on Saturdays from 9 a.m. to 2 p.m.

The club is most interested in talking with any qualified coach. For more information call figure skating president Elenore Baker at 542-4713 or at Dave's Pit Stop.

Clinic for archers

An archery clinic is scheduled for tomorrow (Thursday) at the H.W. Pickup school in Drayton Valley.

The one-day session which runs from 10 a.m. to 4 p.m. includes

instructors from the Alberta Archery Association.

The program is being offered by the County of Parkland Parks and Recreation Department.

Pre-registration was required, but there may still be time if you call Ed at 542-4632.

The county also has two Cattail Capers youth programs for youngsters six to 12 years scheduled for this month.

The Violet Grove Hall will be the scene of a Cattail Capers Aug. 12-15 with the second session to run Aug. 19-22 at the Rocky Rapids Hall.

Pre-registration is required. On-site registrations will be acceptable but the fees will be higher.

Call Ed at the County of Parkland office (542-4632) for more information.

Bear problems at normal level

The number of bear problems in the area is normal compared to previous years according to the Fish and Wildlife department.

Larry Bergeron, Fish and Wildlife officer from Evansburg, said that they average about 20 complaints a year about bears.

He points out although they investigate the complaints they don't always have to deal with them.

"If there is a problem we'll deal with it," he adds saying for example if the bear killed some cattle they would trap it.

Once the animal has been trapped its future depends on if it's aggressive.

If the bear is too aggressive they kill it, but most times they just move the bear to another area.

Bergeron says it is mostly black bears they have to deal with and every spring and summer they have the same problems.

He added many of their complaints come from bush camps where the bears are attracted by the garbage.

Filling up stands goal at rodeo

Organizers of this year's Tomahawk rodeo are hoping to fill the stands on Saturday and Sunday. Lynda Utri and Greta Pryor are two of the event's organizers and they anticipate good crowds.

Last year, Utri says, the stands were full and there were people all the way around.

This year is the first time the rodeo has been associated with the Wild Rose circuit meaning "a lot of cowboys from other areas" according to Utri.

They are expecting about 5,000 people to show up for the two-day event including more than 200 contestants.

The rodeo will feature the regular events in addition to the sheep riding and ladies bloomer race, both "crowd pleasers" according to Utri.

The Tomahawk and District Club is sponsoring the event and money raised will go to "a lot of different groups" in the Tomahawk area.

Utri called the rodeo the "main fund raiser" for the community.

Pryor echoed this by saying the "profit from this rodeo serves the whole community."

Other features of the event will be a pancake breakfast both mornings, with the Saturday one on mainstreet in Tomahawk and the Sunday meal at the rodeo grounds. In addition, the businessmen of Tomahawk and area are bringing in square dancers to entertain during the breakfasts.

On Saturday night the cowboys and cowgirls will be able to have some fun at the "open-air dance" to the music of Haywire. Utri also pointed out there is no extra charge to anyone at the rodeo for the dance.

Another thing that is free is camping. Utri says they usually have the grounds "solid with trucks, campers, trailers and tents."

But organizing this rodeo is not an easy task. Both Utri and Pryor say there is a lot of "behind-the-scenes" help and a lot of volunteer work.

"The rodeo is really a community event," Utri adds.

The rodeo will take place at the Tomahawk rodeo grounds just south of town by the new curling rink. Rodeo times both days is 1 p.m.

Watrich building up to marathon

Rick Watrich is still running.
The teacher at Frank Maddock High School has been using his spare time this summer to practice his running skills.

Watrich said he has "been doing a fair bit" of running and has competed in several runs in Edmonton recently.

In one five-kilometre run he finished 230th out of 1,400 runners.

Currently he is using the shorter races to "build up" for a marathon in Richmond, B.C. in October.

"I'm building up mileage and doing speed work," Watrich adds saying he'll be increasing to between 70 and 75 miles a week.

"I'm looking at three

months of training," he explains in preparation for the Richmond run where he will try to break the three-hour mark.

Ed Thomas winds up in hospital

By LeOpal Larson
388-2122

Ed Thomas is in the hospital. We wish him a speedy recovery.

Lawrence and Betty Bohning motored to Hinton to attend the wedding of their great-nephew Darcy Boutin at the end of June.

Buck Lake News

Wilfred and Goldie Anderson visited her sister at Cranbrook, B.C. Wilfred returned home but Goldie and Frances went by bus to visit relatives at Spokane, Fairfield, Palouse, Washington; Pottlatch, Moscow and Lewiston, Idaho. They also attended a family reunion at Pottlatch.

Dave and Joan Elmont have their grandchildren from Vernon, B.C. visiting. Rod Vancuren, Danny Nicolls, Gregory Bohning, Elgin Nicolls and Ralph and Richie Germain motored to Fort McMurray and then flew to a lake in Northern Alberta for a few days' fishing.

Jean Barman says a bear wandered through her back yard and across the road to Joan Abbott's yard.

Wilfred Anderson was fishing with relatives on the Clearwater river over the long weekend.

The grass is growing at the Siegel Hill Cemetery. Those who have interest in any graves there are asked to take their turn mowing or pay \$10 to have it done. Vera Brzus is the secretary-treasurer.

Musical duo 'Picken' away

By Neil Speers
Ian Oscar and Jim Walker have found an ideal format for their music.

Just the two of them playing what they like on the stage as the duo "Pickens" suits them very well.

"It's ideal in that the market demands a lot of duos right now," explained Oscar, who plays bass guitar and shares the lead vocals. Walker plays lead/rhythm guitar and throws in a fair amount of banjo.

Oscar spent 10 years in Easyford and in Grade 5 moved to Drayton Valley. He left town at the age of 18 but is still recognized by local residents occasionally. He returned to Drayton Valley last week to perform at the Black Gold. Oscar has been playing music professionally for the last "10 or 11 years," he commented.

"I've been fortunate enough to be in a couple of bands which have put out a few albums," Oscar said. One of these was One Horse Blue which had a fair amount of airplay. Oscar has also been doing some studio work recently with K.D. Lang last fall.

Walker has been working for 13 years as a professional musician, having started out in a folk group in junior high school. He has also played "straight bluegrass" picking up the mandolin as part of his duties.

The current situation as a duo "has been really good for us," said Walker. The two of them at one time played together in a five-piece band called Pickens, and have gone through various other bands as well as single acts. Last January, they began full time as a duo, Walker explained.

Oscar mentioned if the market changes and wants more full bands, the two of them are now in a position to be the nucleus and get a few more musicians to fill in with them.

The major influence Oscar says he had was the Beatles, with "a lot of country music" from his parents.

"It was really bizarre when the cross came such as the Byrds, the best of both worlds," Oscar stated.

He added Pickens is "still doing some of that stuff."

Walker said it was musicians such as Buddy Holly and Hank Williams that he grew up with and were his major influences.

As for doing their own material, Walker said the two of them would "try to do something on a small scale," such as a few singles which they might later combine into an album.

Their efforts into a "small scale" includes the equipment they use. Walker explained they did not want to have huge gear which is hard to move. But they do want to keep it flexible, like themselves, for doing larger acts with a bigger system, Walker added.

"I don't know if we'll ever get rich and famous, but we'll have a lot of fun doing it," Walker stated.

Sunchild road to be upgraded

Alberta Transportation will call for tenders to carry out a major improvement project on Sunchild Road in the Lodgepole area.

The project involves the regrading of the Sunchild Road (former-

ly known as the Brazeau Dam Road) from north of the Brazeau Dam at the junction of Elk River Road for 11 kilometres to south of Lodgepole.

MLA Shirley Cripps stated, "I welcome this major improvement

project. A high priority with Improvement District 14 and the County of Parkland, the regrading work will bring a marked improvement in the quality of travel which will be greatly appreciated by the road's users.

heavy resource-related traffic as well as local and recreational traffic."

Berrymoor

Canada Post office closes

By Neil Speers

The Berrymoor postmaster recently received a document commemorating that office's 78th year, but it is being closed down.

The office has been open since November 15, 1910.

Don Martin, Berrymoor's postmaster for the last 22 years, is retiring and because Canada Post does not feel there are enough people using that office, it will be closed as soon as residents get post office boxes in Drayton Valley.

Martin was supposed to have retired in June, but delays in setting up the Drayton Valley boxes have caused the Berrymoor office to stay open for a little longer.

If Martin had not kept on, the residents of that area would have only had four days to make other arrangements.

"It's not really fair to the community" to have to go 18 miles to get mail which was once right there, commented Martin.

The new boxes for the community in Drayton Valley will cost the users and will only be available during office hours.

However, closing the Berrymoor office does not bother Martin nearly as much as the way they did it.

When Martin gave his resignation, another person applied for and was approved to take over the job. Canada Post had three months before Martin left to let them know the office would be closed.

Don and Isabel Martin.

Just days before the transfer, Martin was informed of change.

"If they were going to close it down, why didn't they do it right away?" Martin stated.

He was told the people of the community should make some static for their MP in Ottawa if they want the office to remain in Berrymoor.

"But everybody's on holidays. Who do you complain to?" said Martin.

Canada Post has been paying Martin about \$5,000 per year as postmaster. However, he had to supply his own building, heat and all.

Besides missing from behind the Canada Post counter in Berrymoor, Martin is retiring after 22 years as a school bus driver with the County of Leduc.

Business takes off

Weekend fishing trips just part of job

Ron Wade in back of Cherokee.

"This is positive gravity," said pilot Ron Wade as he sent the aircraft toward the sky. Feeling heavier, the occupants of the plane were pushed down into the bucket seats.

"And this is negative gravity," Wade said as he pointed the plane at the ground and the seat belts suddenly pressed into their laps.

Aside from giving an unwary reporter a quick thrill, Wade runs the Drayton Valley Air Services. Chartering flights out of the airport north of town, business has picked up for the company during the last few months.

"We've got a charter out of here just about every day," Wade explained.

A lot of weekend business is doing "flying fishing trips" to lakes in Northern Alberta, he said.

Wade started up his charter aircraft business in Drayton Valley about two years ago and currently owns two aircraft.

The Cessna 150 is a two-seater which he rents occasionally and is also the backup when the Cherokee is on a business trip.

The Cherokee seats six people and has been used as an air ambulance while working in the north, Wade commented.

Wade is thinking about buying a new twin-engine plane this fall.

However, if there is not enough business for the new aircraft, it could be sold, Wade explained, adding "the nice thing about aircraft is they don't depreciate like cars when you drive them off the lot."

Never during "just over 3,000 hours" as a pilot, has Wade crashed. The company "leans to safety," he said, explaining if the weather is bad, they just will not go up.

Before coming to town, Wade spent 15 years in the north. Much of his business now is through

View of Drayton Valley from north end of the town.

the connections up there. He regularly flies oil crews into the N.W.T. and the Yukon, Wade commented.

The company has two part-time pilots to take over while Wade is away.

In addition to running his company, Wade is also the operations manager of the airport at Drayton Valley.

He commented few people actually see the airport and what it does.

The runway is large enough for DC 3s and has also landed a Citation jet, he stated.

There are about 20 private planes parked at the airport, Wade said, pointing out there are approximately 50 pilots in town, about 10 of whom have their commercial licenses.

Facilities there include a completed terminal, made from an old schoolhouse, and there are two types of fuel for conventional aircraft with jet fuel available on request, he commented.

There is also a rotating light beacon which Wade stated can be seen from Stony Plain.

The company's aircraft.

This August, a non-directional radio beacon will be installed at the airport supplied by the provincial government, he mentioned.

Things have been "a bit rough" until recently because of the recession, Wade said, explaining aviation is a "luxury" which is one of the first things cut from business accounts. But, Wade has stuck it out and things are looking good.

"I've always worked for myself," he stated.

Michael takes second prize

Paholkas travel to championship

By Shelli Carson
696-2290

Eugene, Leonard and Norma Paholkas travelled to Kimberly, B.C. recently for the international oldtime accordion championships.

Breton News

It was a competitive contest and Michael placed second in the intermediate category. He won a trophy and \$75. Michael has competed for the past four years and has placed every time. The Paholkas report the forest fire situation was not serious in that area.

Norma and Miles Carson received a visit from Norma's brother John Jones, wife Marelyn and daughter Sheryl the week of July 11.

The Jones family is from Victoria. Norma and John's mother, Edna Jones of Leduc, spent the weekend with them.

Belated congratulations to David Lunegog who received the citizenship award for Grade 6 at Breton Elementary School awards day.

On July 3 three boys from the Breton scout troop left for the Canadian Jamboree in Guelph, Ontario.

Rory and Terry Bogart and Matthew Courtois report a very good time camping, swimming and sailing. The boys went to Canada's Wonderland. They rode the Minebuster and Skyraider rollercoasters.

I thank Matthew for the interesting report. I'm sorry that there wasn't enough space to print all of it.

Sherry's family was attracted to Evansburg by coal

by Donna Haukedal

Ellen Sherry was born in Red Deer and came to Evansburg with her family in 1927, just in time to start school. Her father, Mr. Conley was one of the many men attracted to the Evansburg coal mines.

Ellen took all of her schooling in Evansburg and then went to work for the "Bill's Store" which was a combination of general store, post office and telephone exchange. She worked at all three jobs for about nine years.

Most everyone travelled by train then. It came out one day, went as far as Jasper and came back the next day. There was, as Ellen puts it "Sort of a road to Edmonton". Laughingly she says, "It consisted of two ruts" and "If the weather was dry you could make it in and back the same day".

She says mail service was good since they got mail from the East one day and the West the next. Mail was sorted on the train, dropped off at towns along the way. Later when bus service was started they got an extra service of mail from Edmonton in the evening.

Very few country people had cars, and every Saturday afternoon people came in with teams of horses to shop and visit with friends. The area for tying up teams would be full every Saturday afternoon Ellen says. Some would drive 15 - 20 miles even in winter. Some built little cabins on their sleighs and would put in a wood stove with a stove pipe coming out the top.

The coal company built houses for their employees, so these families were more fortunate than others, who often built temporary residences out of apple boxes, car doors, or whatever was at hand.

The mine supplied their homes with electricity, and outside taps for water. A skating rink and hall were built. Dances were held in the hall as well as the then recently built United Church. The same church building with the addition of a basement, and a more recent addition to the front is still in use.

Homesteaders in the area also worked in the mines. Men from Entwistle walked across the railroad bridge to work. "Now no one would think of walking from Evansburg to Entwistle," Ellen says.

Poet's Corner

by Annelies Befus

We went down to the riverside
With lush greenings, precious sight!
The sky so blue, the sun shone hot,
It was indeed a lovely spot.

Just for a little while we sat,
Enjoying all our eyes had met.
As we observed the gentle stream
We felt desire in us beam.

To conquer rocks and unknown ground
Till we a swimming could be found
Midst most romantic scenery,
A treat we welcomed happily.

Sweet fragrances filled warm summer air,
Quietness surrounded us here;
We felt it almost hard to part
But left refreshed in body 'n heart.

Ellen Sherry

The mine closed about 1938. But very few people left. Ellen's father bought an acreage where they raised pigs, and huge gardens from which they sold vegetables. He also hauled coal from a little mine near Entwistle, and water from the river after the company water supply ceased. "It wasn't polluted then," she says.

Shortly before WW2 started a creamery was built which created more jobs, and gave the farmers a place to sell their cream and eggs.

Ellen married in 1949. "So I quit my job and went homesteading for a few years," which she laughingly says "was not very successful".

Ellen went back to work in the post office in 1956. By this time the post office had been separated from the store. A lot of things had changed, she says. The mail was coming in every evening by mail truck.

Ellen's husband died 2 1/2 years ago. She has a brother who retired and moved to Evansburg, and a sister in Vancouver whom she loves to visit.

She hadn't been on a train since 1928 until seven years ago when she went to Vancouver by Via Rail. "I enjoyed that so much that I went every year until they took it off, and didn't go again until this year when it was put back on."

Ellen retired from the post office last spring. She is involved with senior citizens' activities, and has started swimming again. "I hadn't done any since I was a kid. I thought I could just jump in and paddle away. But I found out different," she says.

As a child she, like others, swam in the Pembina River, going down and climbing back up the steep banks just above the picnic grounds in the park. "I looked at it the other day when we went for a walk. I wouldn't tackle it now," she says.

HEARING TESTS SET FOR DRAYTON VALLEY

Electronic hearing tests will be conducted at the Beltone Service Centre in the Drayton Valley Medical Centre, 5156-51 Street, on Thursday, August 15, 1985, from 10 a.m. to 1 p.m.

Anyone who has trouble hearing is welcome to have the test. Many people with hearing problems don't need hearing aids, but only a modern hearing test like the one now being offered by Beltone can really tell for sure. Mr. Jim Massey, Certified Hearing Aid Audiologist, will conduct the tests.

Early detection is important! Obtain the satisfaction and peace of mind that comes with knowing you've taken a big step forward on the road to better hearing.

SERVICE AND REPAIRS FOR ALL MAKES OF HEARING AIDS!

If you can't make it in, call us at ANDERSON HEARING AID SERVICE LTD., 10608 - 124 Street, Phone 488-5893, in Edmonton. We have been servicing the hard of hearing in this area for over 20 years.

She also does a lot of reading, (which is evident by the many books in her home) needlework and sewing.

Remembering an incident when she first moved to the homestead she told of when her husband and another fellow were cutting a trail from one quarter to another. They all went on horseback. The men got off with their axes and were swinging at a big clump of willows when a bear jumped out from the other side. They dropped their axes and each ran in a different direction. "I've always heard of horses turning on a dime. Well mine did. It reared up and took off in another direction. When I got the horse under control I rode back to see if the others were still alive. They were back looking for their axes. I was the most surprised because I stuck on the horse."

About nine years ago she had another encounter with a bear. Only this time it was in town. She was cooking supper one night when her little dog started to bark. She looked up and on the other side of the screen door was a bear looking in. (Probably smelt supper). "I sure slammed the door," she said.

Ellen has purchased a new mobile home and says "now I'm just loving retirement".

A Farm Wife's Almanac

by Joanne Bengier

It is full moon and the moon is in the earth sign of Capricorn.

Full moon is when crimes against people increase, so take care. Also don't sleep in the full light of the moon lest you become moon-struck and become a lunatic.

Avoid surgery for yourself and your animals because bleeding is a problem at full moon.

Fair-skinned people from northern ethnic races feel their most romantic now.

Capricorn is now called the goat, but look closely at an oldtime picture and you'll see the goat has a fish tail. It was referred to as the goat-fish in old times.

Aug. 12 will find us in the ultra modern air sign of Aquarius as well as in third quarter and decreasing.

Mow your lawn if you want it to grow back slowly. Get rid of weeds and insect pests.

Wear plaids, stripes and clothes with computer designs.

Enjoy the electronic age any way you can. Humanitarian feelings surface so do your bit for animals now.

Aug. 3-4 will find us in the fruitful water sign of Pisces when imagination is at its best. This is the time for escapism, both good and bad. Avoid alcohol, cigarettes or food if you tend to overdo the

consumption. Binges and excesses of all types occur now.

This is the best and worst of signs. Einstein was a Pisces. So is Liz Taylor, who enjoys excesses as only a Pisces can!

Escape the rat-race by reading, going to a movie or vacationing like a millionaire in a rented motorhome.

Aug. 5-7 will find us in the sign of Aries, a dry fire sign. Dry herbs and flowers. Make fruit leather. Weed and kill insect pests. Start a diet to lose weight. Paint buildings. Begin thinning out your woodlot or garden.

Start projects that you want to dwindle in size like the moon. Watch your head. You can injure it now.

Whose lucky week is it?

Aries remains our luckiest sign with the most fortunate birthdays falling between April 6 and 13.

The lucky number to remember is four, which reminds us of the four elements: fire (salamander), air (eagle), earth (lion), and water (dolphins). The four elements (with their symbols in brackets) are said to make up all matter.

Important days this week

Aug. 1 is the traditional Lammass Day when the first bread was made from the first grain harvested. It was a time of thanksgiving as well as a time for opening gates to harvested fields so the

cattle of poor folk could graze free in times past. Grasshopper-time is here. The age-old chant

Grasshopper, grasshopper grey
Give me some molasses today. I pray,

Or I'll kill you today

And bury you tomorrow.

For the faint-hearted the variation is:

Grasshopper, grasshopper grey

Give me some molasses

And then fly away.

THE WESTERN **Review**

**SCARECROW AND
MRS. KING**

A political reception is the setting for a surprise reunion of British agent Lady Farnsworth (Jean Stapleton, l.); Lee (Bruce Boxleitner, center) and Amanda (Kate Jackson), on "Scarecrow and Mrs. King," airing **SUNDAY, AUGUST 11** on CTV.

BENSON

Benson's (Robert Guillaume) political career is on the line when he casts the tie-breaking vote on a school bill that sets off a confrontation with a powerful senator and ends in an ugly book-burning incident, on "Benson," which airs **SATURDAY, AUGUST 17** on CTV.

Week of
August 11-17

© By Lillian Bono

ARIES
 (March 21-April 20)
 You are your best salesperson. Trust and sincerity will be the key elements in your presentation. Let your voice be heard loud and clear.

TAURUS
 (April 21-May 21)
 Tuesday and Wednesday of this week will be chaotic. Unwind on Thursday and Friday so that you can go into the week and already relaxed and ready for fun.

GEMINI
 (May 22-June 21)
 You will be the brunt of someone else's anger. Don't take responsibility for what you did not do. As long as you are able to keep things in perspective, you'll remain in control.

CANCER
 (June 22-July 21)
 It's important that you keep your lines of communication open all week. A discussion at the end of the week will bring to light some necessary information.

LEO
 (July 22-Aug. 21)
 Persistence will pay off by the end of the week so don't give up. Start thinking about vacation plans. Consider all of your options before locking yourself into anything.

VIRGO
 (Aug. 22-Sept. 21)
 Beware of slippage on the job due to carelessness. Try to work up to your potential. Manage your time so that each moment is productive.

LIBRA
 (Sept. 22-Oct. 21)
 Make the most of a difficult situation and you will be over the first hurdle. Keep an optimistic attitude and you will glide through the rest of the week.

SCORPIO
 (Oct. 22-Nov. 21)
 Take charge of a situation and determine your own destiny. Be assertive but not obnoxious. Use evenings to pull your head back and relax.

SAGITTARIUS
 (Nov. 22-Dec. 21)
 Deal and exercise are the keys to keeping you healthy and to keeping your spirits high. You will have a very productive week.

CAPRICORN
 (Dec. 22-Jan. 20)
 Thoughts of travel will begin to occupy your mind at the beginning of the week. Keep your mind focused on your work. Make vacation plans during the evenings and over the weekend.

AQUARIUS
 (Jan. 21-Feb. 19)
 Do not take on too many things at once. Make a schedule that will enable you to divide your time evenly between your many responsibilities.

PISCES
 (Feb. 20-March 20)
 Keep your goals in the forefront. Do not let the jealousy of your co-workers take away from all that you have achieved. Be selective in who you listen to.
